Number: JDE 2024-12
Dispenser(s): *Schaerer Skye*
Title: Schaerer SKYE updated advice dosing card and recipe file

With this service memo in want to inform you that there is a new advice dosing card and recipe file for the Skye.

The choco setting is adjusted because it was too low.

Beside this it is good to know that if you put for example 130ML in the setting the machine will give 10ML less. This is with all drink settings.
