SUBJECT INSTANT SOUP IMPELLER	ISSUED FOR (X): <table border="1"> <tr> <td>Action</td> <td></td> </tr> <tr> <td>Information</td> <td>X</td> </tr> </table>		Action		Information	X
Action						
Information	X					

REASON

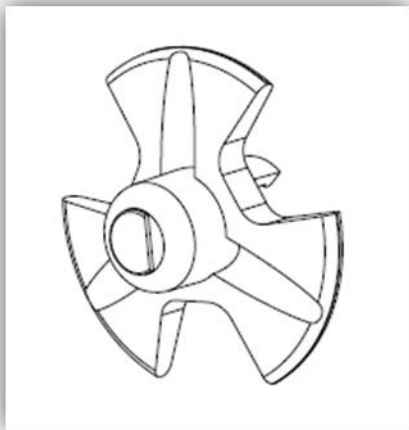

In order to optimize the incup quality for “**Soup**” instant product and to avoid clogging in the mixing system for some recipes setting, a new impeller has been introduced as spare.

MODIFICATIONS:

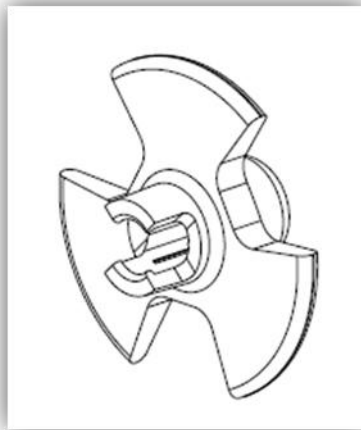

Starting from the impeller in production, it is derived a new specific one.

Added three cut to reduce resistance.
