

# SERVICE MEMO

30-07-2025

Dispenser(s): W100  
Title: Hose clips water outlets

## Background

The W100 is equipped with an anti-splash (buffer) solution in the hot water outlets. Due to the position of this extra silicon hose and construction, the hoses can come loose.

## Solution

In production hose clips are mounted now on both hot water outlets. It is advised also to mount these clips when visiting the machine for regular maintenance.

Parts needed:  
4x 55128730 HOSE CLIP
