

Range SA Large Regional	Model W100	N° T.I. 10_2025
Serial Number 51121274	Subject NEW NON-RETURN VALVE SOLUTION	WITTENBORG

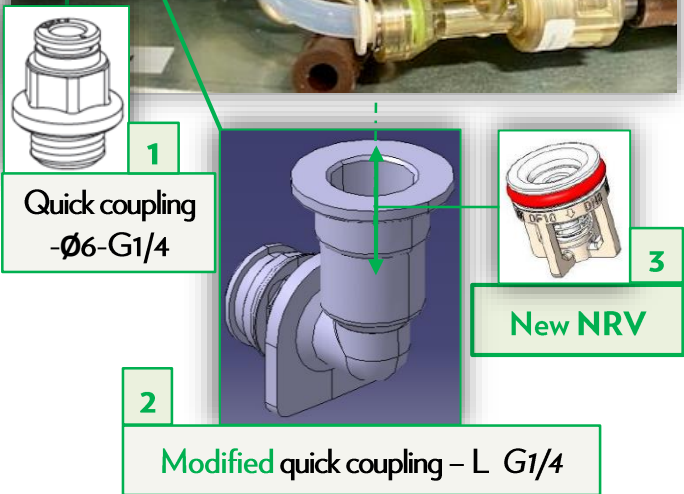

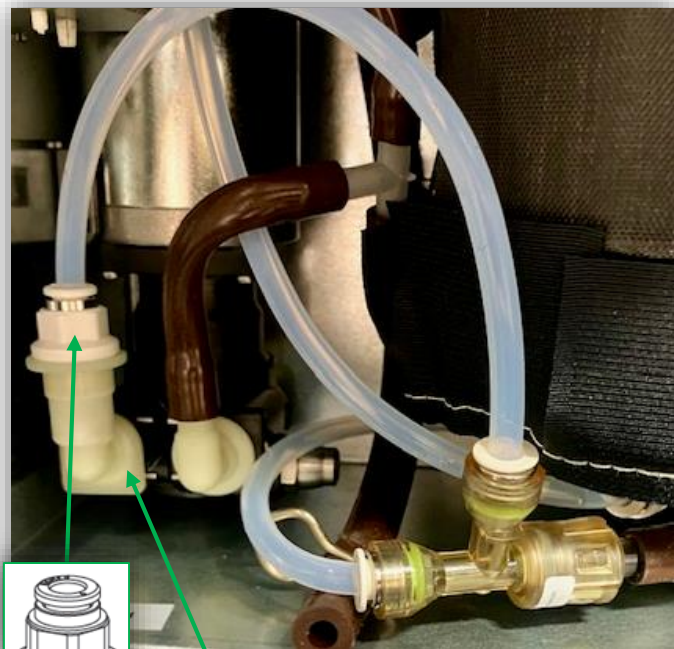

Reason

Be informed that to improve our equipment

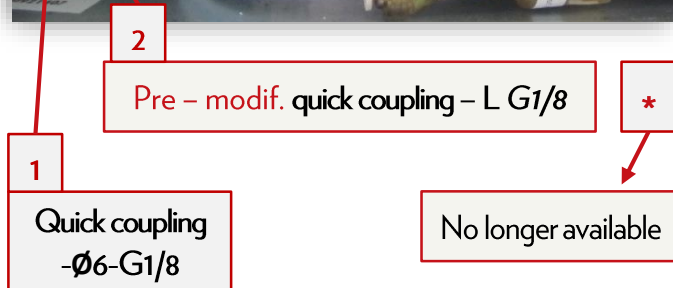

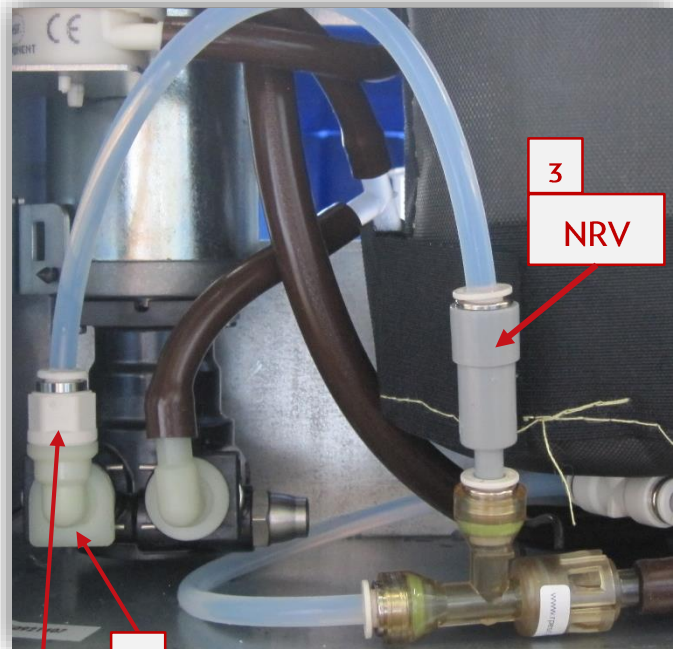

Modifications

starting from S/N **51121274**, machines are equipped with a **new non return valve** solution, which involves the modification of some components; the lengths of the hoses remain unchanged.

New non return valve solution

Pre - modification non return valve solution

The **new non-return valve (3)** is housed in the **modified quick coupling - L G1/4 (2)**

Range SA Large Regional	Model W100	N° T.I. 10_2025
Serial Number 51121274	Subject NEW NON-RETURN VALVE SOLUTION	WITTENBORG

Exchangeability

For machines previous to **S/N** above, it is possible to switch to the **new** solution by ordering the **"quick coupling with non-return valve"** KIT (spare code: **267581**), composed of the components listed in the table **"New non-return valve solution"** (see below).

Please note:

- ✓ for machines previous to **S/N** above it is not required to replace the **NRV**.
- ✓ The **pre -modification NRV** and the **pre -modification quick coupling Ø6-G1/8 PPSU** are still available, while the **quick coupling - L G1/4** (code **266964**) in the **pre-modification** version (G1/8) is no longer available.
- ✓ If the **quick coupling - L G1/8** (no longer available) is required, it is necessary to order the **KIT** indicated above.

New non-return valve solution

N	Description	Spare code
1	QUICK COUPLING Ø6-G1/4 PPSU	267336
2	QUICK COUPLING - L G1/4	266964
3	CHECK VALVE	267335

Pre -modification non-return valve solution

N	Description	Spare code
1	QUICK COUPLING -Ø6-G1/8 PPSU	263425
2	QUICK COUPLING - L G1/8	No longer av.
3	NRV-TEF6	266400

267336= 55128295 QUICK COUPLING Ø6-G1/4 PPSU

266964= 55128103 ROTARY FITTING "L" G1/8

267335= 55128296 ZSPR CHECK VALVE
