INTEGRATED NRV IN SCREW CONNECTION FOR WATER PUMP

New component 074266 is a pump connection with integrated non-return valve and can be installed directly on the water connection hose. Items 2-5 are no longer part of the system. The insert in the screw connection cannot be replaced. The connection is inserted in the new SCAs.

Item	Description	Art. no.	
1	Adjustment angle NRV G3/8"-G3/8" Inox	074266	New
2	Adjustment angle G3/8 -M12 Inox	068008	No longer included
3	Male adapter M12-R1/4" bs	068337	No longer included
4	Non-return valve 1/4" Ecobrass	063208	No longer included
5	Screw-in fitting G3/8"-R1/4" PTFE bs	068501	No longer included

In case of repair, the NRV can be additionally inserted into machine types such as the TWIN, SCC and SM2
